

# About Us

For nearly 60 years, Tutoring Chicago's mission has been to deliver the power of education to children facing economic barriers through one-to-one tutoring at no cost to families. Tutoring Chicago is the largest one-to-one, after-school tutoring program offering consistent, long-term pairings of students and volunteers in the Chicago area. In 2023-24, we offered both digital and in-person tutoring to more than 1,100 students with the support of over 1,100 volunteer tutors, translating to **48 hours of free tutoring for students.**

**A quality education is among the most important foundations for a child's future success.** Our curriculum and resources are carefully curated by our program staff, composed primarily of former educators. And the impact is tangible: in 2023-24, 72% of our math students tested at proficient and expert levels at year-end, compared to 42% at the start of the program year. Students in our literacy-intensive program demonstrated similar gains, with 73% assessed as expert/proficient in reading comprehension by end of year versus 55% in the fall. Beyond academics, **we incorporate social-emotional learning into our curriculum** to encourage student growth "beyond tomorrow morning."

Tutoring Chicago serves students across **295** Chicagoland schools.

**100%** face financial barriers

\*As defined by the United States Department of Housing and Urban Development.

**This program has changed my son.**

In the beginning he was hesitant, doubtful and very resistant to reading, but with the help from his tutors he transformed into a confident reader and writer.

**He is now reading at grade level.**

*-Tutoring Chicago parent*

# Partner With Us

...to deliver the power of education to more than 1,000 Chicago students this year!
