

tutoring CHICAGO

Elementary School Tutoring (EST) Program

Grades 1-5

Addresses critical areas of student achievement, including social emotional learning, mathematics, literacy, and the development of student attributes. Tutors and students focus on homework review, executive functioning skills, and developmental experiences that combine learning and reflection to build confidence towards academic success.

Literacy Intensive Tutoring (LIT) Program

Grades 1-5

Provides support for students that is concentrated solely on building literacy skills. Struggling readers receive one-to-one, customized literacy support each week with high-quality resources and learning tools, including grade level readers, phonics development, high-frequency word recognition, reading comprehension development, and writing exercises.

Middle School Tutoring (MST) Program

Grades 6-8

Focuses on an array of learning needs, preparing students for a transition into high school and continued success in their educational experiences. The program emphasizes social emotional learning, executive functioning skills, academic coursework, and high school readiness, including test prep and career exploration.

High School Tutoring (HST) Program

Grades 9 & 10 (expanding to 11th and 12th grades for 2024-25)

Provides students with one-to-one tutoring and mentoring in areas essential for success in secondary education. The curriculum covers academic course support, taking advantage of high school resources, reflection and assessment. This includes support for matriculation, as well as post-secondary readiness.

THE SCHOOL YEAR

This program has changed my son. In the beginning he was hesitant, doubtful and very resistant to reading, but with the help from his tutor he transformed into a confident reader and writer.

He is now reading at grade level.
